▶ ideas to reality

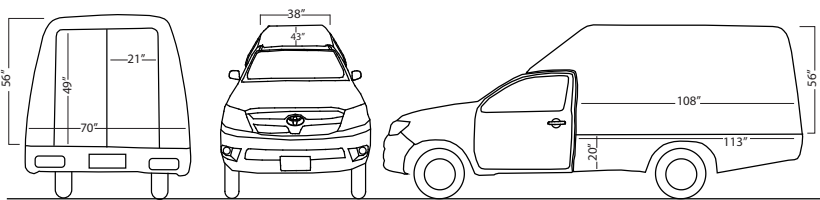

## salient features

- You can now have **MORE SPACE** on the go for your utilities and usage with BODYCAB Hilux Flatbed
- **Toyota reliability** coupled with Team-NAYYER state of the art design ensures best driving experience with load
- Cost saving on deckless vehicle purchase can be utilized/ bartered towards high quality body that suits your needs
- Side & rear skirts to cover spare wheel, leaf springs and battery designed as per vehicle's original styling to enhance aesthetics.
- BODYCAB is two times lighter in weight as compared to conventional metal body
- BODYCAB with built in generic advantages to standardize corporate image & brand uniformity on road
- Our computer optimized aerodynamic shape slices through wind and reduces drag to save precious fuel with built in wind deflector on driver cabin
- High quality composites to ensure class A automotive finish along with Owen Corning glassfiber materials from USA & UK
- 2K PU based Standox German paint (long lasting as original paint on vehicles)
- Galvanized plated rollover protection cage (skeleton frame) for reinforcing safety in case if a rollover. Steel reinforced inner frames for added strength
- Sturdy galvanized imported locks & hinges, German Galvanized Ellen Key type fasteners and rubber sealing
- BODYCABs are aerodynamic, rust proof for life, rattle free and long lasting
- Fixed by fasteners/ easy snap-on system hence easily removable to place on any other or new vehicle of the same make. Standard units available for Hyundai Shehzore, Suzuki Ravi pickup and all kinds of pickup trucks
- Highly adoptable to your varying & ever changing customized body value addition requirements
- We also provide complete graphics printing, designing and pasting services in collaboration with 3M scotch print graphics giving you complete hassle free one-window solution

More than a decade of innovation, creativity and proven quality Team NAYYER now presents the new innovative BODYCAB Hilux flatbed that gives more space and enhances vehicle's loading capacity as compared to original factory fitted small deck with mudguard humps.
