

The face of a
new generation in
commercial vehicle bodies

METALCAB

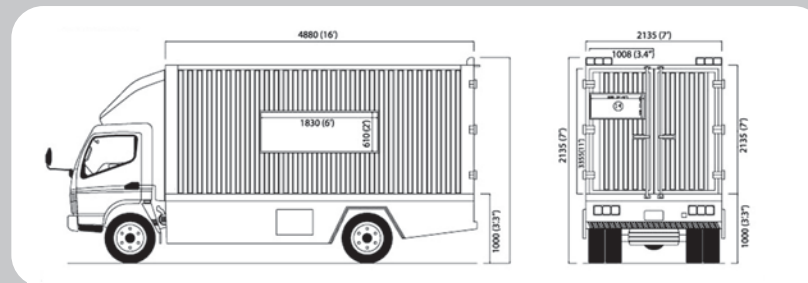

14 YEARS OF
INNOVATION
& SUCCESS
2000-2014

salient features

- Made with imported corrugated 14 gauge MS sheets length 16 feet, height 6.5 feet and width as per deck size with complete side skirts.
- Four red imported warning reflectors on all body corners
- Imported rubber sealing in rear door, specially made 6 hinges, double container type lock system with grease nipples.
- Two red indication warning lights on body roof for fog season.
- **Aerodynamic** fiber glass wind deflector on driver cabin to reduce air-drag (air resistance) at high speed to **save up to 15 to 20 % on fuel cost**
- Complete deck fabrication with **imported 10 gauge sheet metal** as per OEM original truck company rear deck fabrication standards
- Specially designed side skirts on 3 sides of METALCAB with built in tool box and rear bumper with yellow and black zebra paint
- Anti rust phosphate coat on METALCAB before painting
- High class ICI PU base paint
- Specially designed fiber glass branding plate anti rust and peel-off for smooth branding on corrugated sheets on 3 sides of METALCAB
- Florescent red reflectors on all corners of METALCAB to safety and prevent accidents in night
